

## إشعار السوق (012) Market Notice

### Securities listed on the Qatar Stock Exchange and eligible for margin trading activity, market maker, liquidity provision, and covered short selling

Date:	13 March 2024
-------	---------------

With reference to Market Notice (032) dated 02/10/2023, the Qatar Stock Exchange is amending the list of securities eligible for market making, liquidity provision, margin trading, and covered short-selling activities. This amendment aligns with the semi-annual review of the Qatar Stock Exchange indices, based on the criteria established by the Qatar Financial Markets Authority. This amendment will be effective from April 01, 2024, as follows:

#### **1. Margin Trading and Covered Short-Selling activities:**

- Constituents of the QSE Index.
- Constituents of the QE Al Rayan Islamic Index.
- Stocks of companies with an annual turnover rate equal to or greater than 10%, and a quarterly turnover rate in their trades exceeds 80% of trading days in each quarter.
- Tradable units of the QE Index ETF (QETF) and the Al Rayan Qatar ETF (QATR).
- Companies with at least one liquidity provider or market maker.

**Note:** If any stock is excluded from the qualified list, brokers will have a three-month period to close open positions of the relevant activities.

#### **2. Market Maker and Liquidity Provider activities:**

All companies listed on the Main Market and the Venture Market, and all ETFs listed on the Qatar Stock Exchange are eligible for both Market Maker and Liquidity Provider activities.

**1. The list of listed securities eligible for Margin Trading and Covered Short-Selling activities is as follows:**
